ABOUT ME

Best for general software engineering or full-stack web development roles

Dedicated Information Technology undergraduate with a strong foundation in full-stack software development. Experienced in building scalable, end-to-end web applications using the MERN stack, Java, and Spring Boot. Passionate about translating complex requirements into clean, efficient code and developing robust backend architectures. Proven ability to collaborate within agile teams to deliver innovative digital solutions, from freelance community platforms to comprehensive campus management systems. Eager to leverage technical problem-solving skills in a dynamic software engineering environment.

PROJECTS

1 st Year 2 nd Semester
SLIIT

Online Ticket Booking System

- Designed and implemented a comprehensive ticket reservation web application to facilitate seamless event browsing and seat booking.
- Developed the user interface and backend logic utilizing HTML, CSS, JavaScript, PHP to manage user data and transaction flows.

2 nd Year 1 st Semester
SLIIT

Online Staff Management System

- Built a centralized staff management portal to streamline HR operations, employee record-keeping, and administrative tasks.
- Integrated relational database management using PhpMyAdmin to ensure secure data storage and efficient retrieval of personnel records.

2 nd Year 2 nd Semester
SLIIT

Online Clothing System

- Created a full-stack e-commerce platform for clothing retail featuring dynamic product catalogs, a shopping cart, and user authentication.
- Employed the MERN stack to deliver a responsive, minimalist web design and a smooth user experience.

3 rd Year 1 st Semester
SLIIT

Online Freelance & Github platform

- Engineered core software components for 'UniLance', a student-focused freelance community platform designed to connect peers for collaborative work.
- Spearheaded the development of the Community and Gig Hub modules, implementing robust gig creation validation and real-time live chat functionality to enhance user interaction.

EDUCATION

2018 - 2019

Dharamapala Vidyalaya
Pannipitiya

G.C.E. O/L

ICT - A
Mathematics - B
English - C

2020 - 2022

Dharamapala Vidyalaya
Pannipitiya

G.C.E. A/L

ICT - C
Accounting - C
Economics - S
English - C

2023 - Present

Sri Lanka Institute Of Information Technology (SLIIT)

Faculty : Faculty Of Computing

Current Standing : 3rd Year 1st Semester

Current GPA : 2.14

SKILLS

- HTML
- PHP
- Version Control
- JAVA
- UI/UX Design
- Front-End
- C
- React
- Python
- C++
- Database Management
- Kotlin
- MERN
- JavaScript
